RISK MANAGEMENT COURSES

Two totally different Risk Management study groups are now being formed.

INTRODUCTION-TO RISK MANAGEMENT is one of the newer courses being offered by the Insurance Institute of America. It is designed primarily for those new to the study of Risk Management. It is appropriate for newcomers to the business as well as more experienced "students" with no formal "RM" education.

Sponsored by the Insurance Association of Greater Des Moines, this "short course" lasts only 8 weeks including the test, given when "requested".

The first night will be Monday February 15,

1998 at 3:30 meeting at Brooks-Lussem Insurance conference

room - The total cost is \$55, which includes Text & Tests. (No local

fees)

RISK MANAGEMENT 4 will also be available if there is enough interest. This course is part of a 3-semester course leading to the

"ARM" designation.

Plans tentatively call for sessions to be on Tuesday's at 3:30 at the Reynolds & Reynolds offices, 300 Walnut in Suite 200. The costs of books is about \$100 with another \$86 for the National Exam on May 3, 1999. (No local fees will be charged)

Because this is a 13-week traditional format, the starting date will be around January 25th in order to cover the subject matter.

If you have an interest in either of these new programs contact Ted Lussem at 243-4289.
